“The Increasing Weight of Regulation: National and International Strategies to Counter the Global Obesity Epidemic”

Dr. Allyn Taylor has twenty-five years experience as a practitioner, teacher and scholar in global and national health law, policy and organization. She has worked as a legal adviser on staff and as a consultant with the World Health Organization since 1993, including serving as the senior legal adviser for the negotiation and adoption of the WHO Framework Convention on Tobacco Control (FCTC) and the WHO Global Code of Practice on the International Recruitment of Health Personnel. She developed the of the FCTC as part of her doctoral dissertation at Columbia School of Law.

Wednesday, April 22, 2015
