

AIDS/STIs, TB, and Malaria Volume Meeting
January 14-15, 2014

University of California, Berkeley
Golden Bear Building
1995 University Ave, Suite 460
Berkeley, CA 94720

AGENDA

Meeting Objectives:

- Share preliminary outlines of ASTM chapters; discuss integration and synergies across chapters.
- Identify specific new economic or health systems work or any new analytics.
- Integrate 2035 investment framework (Commission on Investing in Health) into disease specific goals for each ASTM chapter.

DAY ONE: TUESDAY JANUARY 14

12:00 PM – 6:00 PM

**UC Berkeley Golden Bear Building
1995 University Avenue; Suite 460**

AM: Arrival of most participants

Hotel Shattuck Plaza
2086 Allston Way
Berkeley, CA 94704
510.845.7300

12:00 PM – 1:00 PM: Working lunch with introductions

Chair: Dean Jamison

Overview of DCP3 goals, lessons from DCP2, and links to Commission on Investing in Health. Who is the audience of this volume? What are the goal of this volume?

1:00 PM – 6:00 PM: AIDS and STIs

Co-Chairs: King Holmes and Stef Bertozzi

Format: 15-minute presentations for each outline, with 20 minute discussion for each.

1. **TBD (on behalf of Bernhard Schwartlander):** Global incidence of mortality and morbidity from HIV/AIDS and other STIs.
2. **King to summarize:** HIV and STI's direct and indirect burden on cancer and on reproductive health
3. **Wafaa El-Sadr:** Management of HIV/AIDS and co-morbidities in children and adults: Cost effectiveness considerations.

4. **Charles Holmes:** Effectiveness and cost-effectiveness of treatment as prevention for HIV.
5. **Grace John-Stewart:** Effectiveness and cost-effectiveness of PMTCT for HIV and syphilis.
6. **Mike Isbell:** Effectiveness and cost-effectiveness of combination approaches to prevention of sexual and non-sexual transmission.

3:45 PM – 4:00 PM: Coffee Break

7. **Sevgi Aral and Harrell Chesson:** Systematic review of the effectiveness and cost-effectiveness of STI prevention and treatment.
8. **David Wilson:** Tailoring the local response to local epidemics.
9. **Jamie Blanchard (by phone):** Platforms for delivery, prevention and treatment services for populations at risk for HIV: Integration into existing systems, development of new systems and implications for cost-effectiveness.
10. **Elliott Marseille and Lori Bollinger (by phone):** Using models to guide policy: A synthesis of current effectiveness and cost effectiveness models.

Dinner

7:00 PM - 9:00 PM

Bistro Liaison

1849 Shattuck Avenue

510.849.2155

DAY TWO: WEDNESDAY JANUARY 15

8:00 AM – 3:30 PM
